ACADEMIC TARGET SETTING & SELF-MONITORING

I AM A SELF-DIRECTED LEARNER

1. I will take responsibility for my learning.
2. I seek continual improvement to chart my learning progress to attain academic excellence.

I PURSUE EXCELLENCE

1. I believe in my potential and challenge myself to achieve higher goals.
2. I monitor my own progress and seek to do better each time.

Setting Realistic Targets

- Realistically target ONE or TWO grades above your current achieved grade.
- Do not set a lower grade than what you attained in Semester 1 grade.
- For Secondary 1 students, use your PSLE AL Grades as reference. For Humanities (e.g. Geography and History) and Literature use EL as a reference. You need not set targets for coursework subjects, PE or Music.
